Why Virtuo?

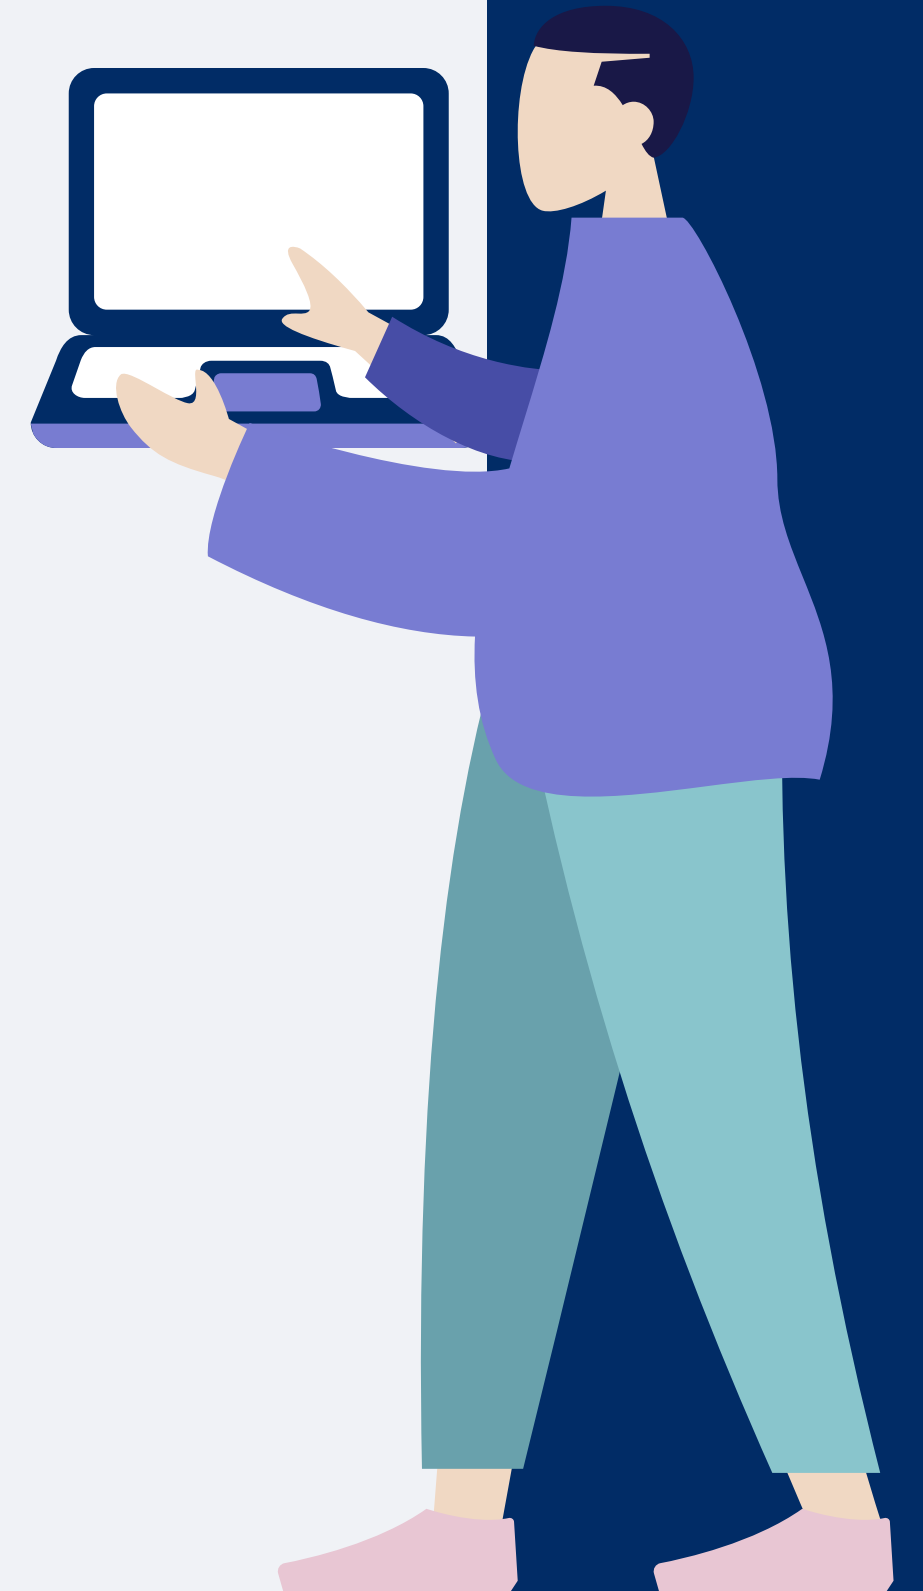

Virtuo provides the user with the opportunity to interact with the students in the form of an online classroom with the ability to assign homework and notemaking. It is an important resource during this period of lockdown because of the Covid 19 Pandemic.

Virtuo like our other product is a part of the Decartem Ecosystem, the Admin gets an access to the main dashboard from where he/she can control all the essential activities including assigning Substitution teachers, online admissions, Video class monitoring, Online Attendance System, Parent Mobile App, GPS Bus Tracking and much more which will be handy once the lockdown ends.

Why Virtuo?

Decartem gives the schools the capability to customise our products as per their need and taste with tons of optional features to pick and choose from.

Our subscription pricing policy helps school to regulate their online expenditure and spread it over the course of the academic year.

1. Hospitals, Clinics and the Healthcare region
2. Corporates and MNC's
3. Online Cooking and other recreational activity courses
4. Online Therapy Sessions
5. Government Interactions
6. Online Webinars & More

Competitive Advantages

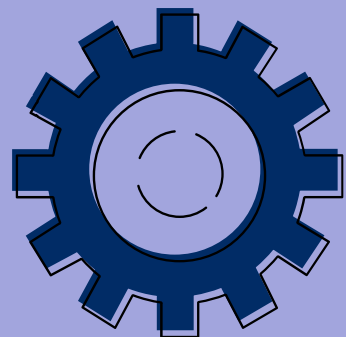

Data Saving

Decartem offers the students and the teachers to work on a data saving mode without compromising on the quality.

Complete Customisation

The School gets the ability to personalise the product as per their taste and requirements. This involves school's branding and more.

Ecosystem

We provide the administrator with a complete ecosystem which works with effortless ease within decartem products.

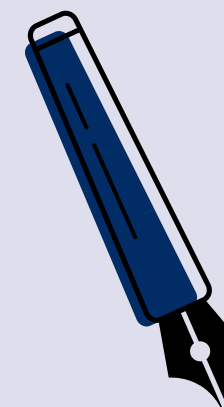

Custom Pricing Plans

Not only in the user experience, but also in the pricing policy we offer complete customisation. From the service association duration to the pricing.

Administration Control

The administrator with his very own dashboard has complete control over all the functions and can access it from his mobile phone or desktop.

Complete Classroom Experience

Last but most important, Virtuo provides a complete classroom experience to the student. From Note taking to Live Q&A, it has it all!

Other Products

Attendo

Attendo is a complete end to end platform that looks after all the challenges faced by the management and teachers, while enhancing the schooling experience for the students.

Online Attendance, Teacher Management & Security Management system that collects student attendance either via RFID or via software solution using the Teacho Application. Attendo boasts of a huge feature list, To know more do connect with us at www.decartem.com

Mask and Gloves Detection

Keeping the pandemic in mind, Decartem has developed a unique health and safety solution that detects and informs whether the people in that particular vicinity are wearing the appropriate safety gears like masks & gloves or not!

Indoor Tracking

Our Indoor tracking solution gives the corporate or the management the ability to keep a check on the whereabouts of their team and to ensure correct precautions are taken and social distancing norms are being met.
